Remote village living – creature comforts no matter the location.

Australia

Fast Facts

Village Name

Kingfisher Stayover Village

Location

Karratha, Western Australia

Industry

Mining & Resources

Size

249 room village

Site Facilities

Entertainment centre, pool, tavern and gym

Ausco Modular's Stayover Kingfisher Village is designed to provide comfortable and serviced accommodation for transient workers in Karratha.

The 249 room village allows companies to book medium to long term accommodation for their workers on a single day rate. This flexibility avoids the need for capital investment by companies.

Key Features:

- › 24 hour operation with onsite village management
- › Accommodation options include Standard, Executive and Studio Single ensuited rooms; all being equipped with stylish furniture, remote control TV, and bar fridge
- › A range of recreational facilities are available for use, such as gym, pool and tavern

The Stayover Kingfisher Village maintains the highest environmental standards; recycling 70% of the operational waste for the site and 100% of the water.

- › The restaurant provides fresh, nutritious meals prepared daily and served in an informal self serve style. A comprehensive menu ensures all dietary requirements are satisfied within an ever changing menu cycle
- › The dining room is a spacious light filled area set off by an atrium style ceiling, providing a relaxed atmosphere for meals
- › The gym is fully equipped with the latest in health and lifestyle equipment

Ausco Modular brings its extensive experience in designing, constructing and managing remote villages to guarantee a consistent and affordable end-to-end service at Kingfisher, which offers independent management of the village and its services.
